Name:

Name of Topic:

**Step 1:** List five important vocabulary words connected to your topic.

Record the words below:

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________
**Step 2:** Find a partner who will body spell with you.

**Step 3:** Share the five words with your partner.

**Step 4:** Ask your partner turn around and use his or her back as the writing surface.

**Step 5:** Use your pointer finger as an imaginary pen and begin to write the letters in one of your topic words on your partner’s back.

**Step 6:** Then have your partner guess which word you body spelled.

**Body Spelling Challenge**

Try spelling with your elbow instead of your pointer finger to spell!
